Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Tuesday 06 Jul 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Remaining unsettled with rain and showers for most.

This Evening and Tonight:
Rain persisting over northern and eastern Scotland whilst showery rain affects some other areas, some late into the night. Some drier, clearer spells, especially across eastern England.

Wednesday:
Rain across northern Scotland easing. Low cloud breaking elsewhere to leave a mixture of sunny spells and scattered showers, some heavy with a risk of thunder, especially in the east.

Outlook for Thursday to Saturday:
A mixture of sunny spells and showers, these lighter and less widespread than of late, although turning widespread and heavier again on Saturday. Rain will affect the south through Saturday.
